

TFN Impact Report

Name of your Organisation:	BeScience
Name of the project TFN funded:	BeScience
Date Funded by TFN:	06/10/2016
Were you able to undertake your project as planned?	Yes
Can you describe and/or demonstrate the specific impact that TFN funding has had against your initial objectives?	<p>We hosted the LibraryLAB tour in London with the support of 29 volunteers and 611 attendees from the local community. Directly we interacted with over 600 people.</p> <p>The tour gained so much traction that we had special guests like the Mayor of Newham attend, who participated in activities and spoke to young people about the importance of Science and Mathematics in the economy.</p> <p>Following the success of this, we have now decided to create a LibraryLAB Toolkit to help guide more people in the community and all over the UK to host their own LibraryLAB sessions.</p>
What portion of the project did TFN fund?	20%
How many direct beneficiaries did the TFN funded project reach?	600
How many indirect beneficiaries did the TFN funded project reach?	740
Were you able to leverage further funding as a result of TFN support?	No
Did you receive any pro-bono support, volunteer offers or introductions as a result of the event?	Yes
If yes, please can you provide details of the support you received?	I was introduced to a few individuals who advised me on scaling and suggested what documentation to work on next. this involved 3 one hour phone conversations.
How important was TFN funding in helping you achieve your objectives?	We wouldn't have been able to achieve our objectives without YFN funding
Since presenting at TFN, has your organisation undergone any other significant changes?	Yes, we are now working on a national initiative to get the support of 100 companies to help up produce STEM (science, technology, engineering and maths) educational resources. This will be launching in the next few months.
Can you tell us any personal	I was awarded the Point of Light award from the Prime Minister

TFN Impact Report

stories to highlight the value of the project?

Theresa May, who said “Your innovative interventions demonstrate that science can be creative and fun. I wish you every success as you continue to grow this exciting project.”
